wish i had a pause menu esc closes the game on steam could you please think of maken one and maybe allow alt tab ty. So far it's a really fun game, i like the soundtrack, the character sprites, and the style reminded me of the old megaman series. One thing that bothers me alot is that there's no Save feature, but the Dev added "Continue" and pick up the last checkpoint. Looking forward for the dev to make a eco-like Metroid game.. I recently picked this up as part of the Summer Sale. ( under a buck ) Very fun, would have actually paid more. ( shhhhhh ) The levels are challengeing yet fair. If you screw up and die, it is USUALLY the fault of the player and not the game.. I recently picked this up as part of the Summer Sale. ( under a buck ) Very fun, would have actually paid more.
